With a highly impressive ensemble cast, the director and screenwriter G. D. Ferretti places the story in New York's criminal underworld. Set in the 1970s, "Scarface" follows the tale of Tony Montana, a Sicilian immigrant who sets out to make his way in the United States with a determination to succeed at all costs. Without a family to rely on, Tony needs to make money quickly . The beginning of his career in the drug business looks like an easy way to make money, but soon he gets carried away and, despite his cool attitude, is involved in a criminal act that ends in tragedy. In the following years he has to overcome his past and return to a normal life. Based on a true story that inspired the Hollywood film "Scarface", Dario Argento's "Opera" (the original Italian title) is a thrilling tale of greed, revenge and ambition in which Marco Hidalgo plays the Italian actor who co-directed the film with Argento. In 1978, Valerio Mastandrea was a famous opera singer. However, his career is cut short when he is beaten up and hospitalized by the owner of a local nightclub. Believing that his career is over, Mastandrea decides to move to Argentina to work as a street peddler. However, he soon discovers that the new country offers him a chance to start over. He enters a movie casting call, which happens to be directed by the prestigious Italian director Dario Argento, and he ends up landing a role in the film "Opera". The film was critically acclaimed and was nominated for numerous awards, including Best Foreign Film at the Academy Awards in 1980, although the film was banned in the United States. "Opera" tells the story of a young man who takes advantage of his reputation as an opera singer to get his foot in the door of a large criminal organization. The director of "Opera" and the screenwriter Sergio Stivaletti decided to adapt it into a film because they felt that Argento's story was worth telling.
